

Most youth feel healthy, but Latine and AIAN youth on average report poorer health status

Percent of youth reporting good to excellent health status in Los Angeles County

Indicator: Health status is defined as youth who reported having excellent/very good/good health. Youth are ages 0-24 years. Race Note: AIAN=American Indian or Alaska Native; NHPI=Native Hawaiian or Pacific Islander. Data Source: Catalyst California's calculations based on LA County Department of Public Health, Office of Health Assessment and Epidemiology, Los Angeles County Health Survey, 2023.
